PICNIC AT ESTOMBAR RIVERSIDE PARK

Walk 5

Distance: 750m

Motor up to Lagoa junction and turn left (west) onto the EN 125. At the following roundabout, turn left again to Estombar. Pass Slide and Splash, cross the railway line and then turn right at the first road to Estombar centre. Skirt around the village to the right on the Silves road, cross over the EN 125 and then under the A22 motorway. Approximately 100 metres from the motorway, turn left downhill, signposted to the "Parque Municipal". Park the car in the first car park on the left.

WALK

There is a warm water spring (fonte) which serves a man made stone sided swimming pool, as well as a children's play area, an old watermill pump house, a large picnic area, an amphitheater, an exercise route with instructions and a riverside walk!!!. All notices are in Portuguese and the park is well used by the local people.

The riverside walk leads down to the main flow of the Arade river, where one has to turn around and retrace one's steps. A pleasant walk with much bird life to see.

For a longer, there and back, walk, follow the track from where you drove in. This goes behind the amphitheater and on past some properties and rice fields to a final view over the Arade river and beyond.

Happy walking.

Note: It would be a great help to future walkers if you could record any inaccuracies you come across during this walk and report them to reception so that appropriate amendments can be made. Thank you for your help. Happy walking.
